MUMU
目木

Taking the homonym in Chinese, MUMU sounds the same way as " seeing the wood ". The designer Dian has been learning wood craft for years. It is the warmest material for him. To balance the cold sense of linear metal body, he sets the beech/walnut pieces on both ends of the LED pendant. Once you meet MUMU, you will see the woods immediately. MUMU has two versions to offer, 3000K and 5000K.

目木由年輕設計師所設計，研習木工多年的他，認為最有溫度、能平衡冰冷氛圍的材質，非木頭莫屬。結合前端科技，MUMU 將高演色性的LED光源（RA>90) 嵌入流線俐落的金屬燈體，而自然的木紋則相合在燈體兩側，混搭出溫和而沈靜的舒心感受。疲累時望見「目木」，彷彿身在蓊鬱林木中，吐吶那片療癒人心的自然美景。
