MIST 嵐

Centuries ago, many Chinese poets composed beautiful poems inspired by intriguing mountainous sceneries. When standing on a mountaintop, people seem to be close enough to be able to touch the clouds with their fingertips and feel the mists against their faces. In dedication to those inspiring poems, we've created MIST in hopes to capture that very moment. MIST combines precision craftsmanship with laborious technique, sand-blasting ever piece by hand. Turn the light on and MIST will calmly illuminate your surroundings.
