

**STREAM / 1**

## STREAM 彗星

STREAM captures a comets path. STREAM marries sculptural geometry with practicality. STREAM is dramatically constructed with one sleek piece of aluminum body. Technologically savvy, and environmentally responsible, it utilizes LED lighting. The flexible four stage dimmer allows you to adjust the STREAM to your illumination needs.

### Stream Table

SLD-510DTE  
LED 1 x 5W (3000K, CRI 80, 425lm)  
Touch dimmer, adaptor driver
