TURNER

SEEDDESIGN

www.SeedDesignUSA.com

The Turner suspension light beautifully captures the essence of minimalist design, much like timeless works that endure through the ages. Crafted from lightweight aluminum, the Turner is adjustable up to 45° on either side allows users to effortlessly direct the light angle. The inner gold coating softens the glow, ensuring the Ra>98 full spectrum light emits a gentle, glare-free illumination.

Turner is available in black, white, and gold, complemented by elegant walnut wood accents at both ends. It comes in three lengths—90, 120, and 150 cm—making it a versatile addition that seamlessly fits into any space.
